

## ABOUT ME

I am Dr. Michael Chibuike Mgbekwere, a data analyst with a background as a dental surgeon, bringing precision and analytical rigor to various industries.

I have acquired about 18 data analytics completion certificates gaining expertise in Excel, Power BI, Tableau, and SQL.

Leveraging my expertise, I transform complex datasets into actionable insights that drive strategic decisions.

My passion lies in uncovering trends and optimizing processes, enabling organizations including fintech, healthcare, business, education and beyond to innovate and thrive in a competitive landscape. Let me deliver the clarity and impact your team needs to excel.

# MICHAEL CHIBUIKE MGBEOKWERE

Data Analyst

## EDUCATION

### Konigin Des Friedens College

2011 - 2016

Secondary education.

### University of Nigeria

2016 - 2023

Tertiary education where I obtained my bachelor in dental surgery (BDS).

### Axia Africa

2024 – 2025

Certificate in Data Analysis

## PROJECTS

### Analysis of Healthcare Accessibility in Africa

I designed dashboards analyzing healthcare facility data, identifying urban-rural disparities and driving insights used by government and stakeholders to enhance healthcare service delivery across Africa.

**Tools:** Excel, Power BI

### Water Access and Sanitation in Africa

Using Structured Query Language, I was able to identify patterns and uncover insights used to propose data-driven recommendations to improve water access and sanitation in Africa.

**Tools:** SQL Server Management Studio (SSMS)
